

FLAME GUARD HOOD

Cavalier's Flame Guard Hood is a variant of the Energy Efficient Hood that is designed to accommodate solid fuel cooking. Large removable panels protect the grease filters from direct exposure to the cooking fuels minimising the risk of the extracted grease igniting.

Compliant with all Australian Standards (standard features). Standard Type (AS1668.2-2024, 3.4.2.2 - 3.5)

Cavalier's Flame Guard Hoods are measured to be site specific and achieve the best outcome for your site requirements.

Site specific drawings can be arranged. Please email your kitchen layout to info@cavaliervent.com.au to arrange a drawing.
